Preparation Paper/Abstract:

Security Council (SC)

“Topic TBA”
About the Committee

The United Nations Security Council is one of the six principal organs of the United Nations and has primary responsibility for the maintenance of international peace and security. It is the most powerful body of the United Nations with the ability to pass binding resolutions. The Security Council consists of 5 permanent members (China, France, Russian Federation, United Kingdom and the United States) and 10 non-permanent members that are elected once in 2 years.

There will be an authentic simulation of the SC (no fictional crisis) at VIMUN. As the topic should be a most acutal one, it will be announced not prior to June.
