UN INDUSTRIAL DEVELOPMENT ORGANIZATION

“Using the Climate Change Convention to Accelerate Technology Transfer to Developing Countries”

Provisional Agenda

1. National and international education and awareness raising programs concerning the impact of anthropogenic action on the environment of the human and the nature itself – particularly resulting in climate change
2. Developments since the Earth Summit in Rio 1992 in the field of climate change issues
3. Research programs concerning socio-political and economic barriers for the introduction of cleaner development mechanisms
4. Investment models to ensure technology transfer to developing countries and countries with economies in transition
5. National and Global Action Plans
6. Using biological sources of energy in developing countries and countries with economies in transition
7. Capacity Building for the transfer of renewable energy technologies from industrialized countries to developing countries and countries with economies in transition.
